Zonal wavenumber (cycles / latitude circle)
MSE control (full-AMSE campaign)
MSE control (blend campaign)
Full AMSE (λ = 1)
AMSE blend (λ = 0.1)
Original GC (4 separate evaluations)
1° · Eight matched 2023 starts · 30–60° both hemispheres · Pooled powers before ratios
Repeated GC baselines differ; all four curves are shown separately in gray. No averaging or smoothing.
