
T850: relative power-spectrum error (%) · swa_step00500-02000
100 × |forecast power − ERA5 power| / ERA5 power · Lower is better
Day 1
Day 3
Day 7
Day 10
Relative power-spectrum error (%)
Zonal wavenumber (cycles / latitude circle)
MSE control (full-AMSE campaign)
MSE control (blend campaign)
Full AMSE (λ = 1)
AMSE blend (λ = 0.1)
Original GC (4 separate evaluations)
1° · Eight matched 2023 starts · 30–60° both hemispheres · Pooled powers before ratios
Repeated GC baselines differ; all four curves are shown separately in gray. No averaging or smoothing.
